## AMUSEMENTS.

## BABBITT'S OPERA HOUSE.

April 21—White Club ball.  
April 24—Olaf Kraser, the only Equine  
Ladies lecturer.  
April 27—St. Perkins.

With all those airships flying  
around, ballooning is a dangerous oc-  
cupation.

DANIEL WOOLSEY VOORHEES, "the  
tall sycamore of the Wabash," ex-  
Senator from Indiana, died of rheuma-  
tism of the heart Saturday morning at  
his home in Washington.

THE preparations for war in Europe  
seem to be in the interest of the Turk  
and tending toward the slaughter of  
the Christians. Indeed, one may ask,  
wherefore does God rule?

SPEAKER REED wields a power as  
great as that of any European monarch.  
The position of Speaker of the House  
of Representatives is equal in respon-  
sibility to that of President.

THE truth of the maxim that a "fool  
is born every hour" has again been em-  
phasized in the E. S. Dean Company  
brokerage swindle—only it would seem  
from the number of victims that the  
dupes were being born every second.

UNCLE SAM evidently believes that  
the arbitration scheme is all right  
when followed up by gunboats. The  
battleship Iowa, costing over \$3,000,-  
000 and said to be the queen of the  
navy, is the latest addition to Uncle  
Sam's pursuers. As the navies of the  
great powers are strengthened, the  
theory of arbitration gains increasing  
strength and favor.

NEBRASKA furnishes an example of  
what irrigation will do. In that State  
there are completed 3,740 miles of  
canals, and there are in course of con-  
struction 1,045.6 miles, making a  
mileage when completed of 5,785.6.  
It is estimated that the total cost will  
be \$3,000,000, and 1,207,966 acres will  
be brought under irrigation, increas-  
ing the value of the land about \$10,-  
000,000. Think of it, returning 333  
per cent on the investment! Irriga-  
tion is the salvation and stepping stone  
to agricultural success for Arizona.

BAILEY of Texas, the statesman who  
looks upon a dress suit pretty much as  
a South Sea Islander regards an over-  
coat, is in the position of a man whose  
coat tails have caught in the rollers of  
a molasses press. Unless the machi-  
nery is promptly stopped Mr. Bailey  
will have to go through the mangles.  
He has received another  
invitation to a swell official function  
and is sweating blood in his dilemma  
whether to send his regrets or don the  
hated claw-hammer suit. We wager  
that he will make his debut in the  
dress suit. There is a precedent that  
strengthens this belief. Jerry Simp-  
son, the great Kansan, when he first  
went to Washington wore no socks, as  
every one is aware, but as soon as he  
found they were harmless he adopted  
them, and now nothing but gaudy  
silk ones are good enough for him.

## Dun's Review.

R. G. Dun & Co.'s review of trade  
and prospects for the past month gives  
the following information:

"General trade throughout the coun-  
try is below the volume in former  
years of prosperity. Each week, how-  
ever, brings some improvement. In  
all industries the number of mills and  
the number of hands at work increase.

"The event of the month was the  
collapse of the iron ore combination.  
The decision of the Supreme court  
against railway associations has stag-

and another drop was recorded in price  
of that cereal.

creased activity and higher prices

## Easter at M. E. Church.

Sunday school and the usual preach-  
ing service at the M. E. church on  
Easter morning. Preaching will be  
preceded by a baptismal service. Ep-  
worth League at 7 p. m., to be fol-  
lowed by a special Easter service by  
the Sunday school. Much care has  
been given to the preparation of the  
program and a pleasant time is in  
store for all who may attend.

The Easter offering is to be devoted  
to the missionary cause and will be  
principally gathered by the children, so  
help them if they come to you. The  
service will begin at 8 p. m. and the  
doors are open to everyone.

It is said that 95 per cent. of visual  
hallucinations in delirium tremens con-  
sist of snakes or worms, in one form  
or another, says the Electrical Re-  
view. Dr. Davis has been investigat-  
ing the subject in the alcoholic wards  
of Bellevue hospital with the ophthal-  
moscope, and has brought out some  
interesting facts. In every one of the  
sixteen cases examined the blood ves-  
sels of the retina were found to be ab-  
normal. Instead of being pale and  
almost invisible, as in their ordinary  
condition, they were dark—almost  
black—with congested blood. The  
blood vessels of the retina, which are  
so small and semitransparent in health  
that they are not projected into the  
field of vision, assume such a promi-  
nence that they are projected into the  
field of vision, and their movements  
seem like the twisting of snakes.

Two years ago B. J. Warren, a  
druggist at Pleasant Brook, N. Y.,  
bought a small supply of Chamber-  
lain's cough remedy. He sums up  
the result as follows: "At that time  
the goods were unknown in this sec-  
tion; to-day Chamberlain's cough  
remedy is a household word." It is  
the same in hundreds of communities.  
Wherever the good qualities of Cham-  
berlain's cough remedy become known  
the people will have nothing else.

## ADDITIONAL LOCAL.

Dr. W. S. Robinson performed am-  
putation on the right foot of W. V.  
Cartmell, who had his feet frozen sev-  
eral weeks ago while coming overland  
from Jerome. Only the fore part of  
the foot was amputated, leaving the  
heel. Mr. Cartmell's left foot was cut  
off sometime ago and has already  
healed.

J. P. Arnolds, a watchmaker and  
jeweler of Anaheim, Cal., has located in  
Flagstaff and will remove his family  
here soon. Mr. Arnolds will make  
this place his permanent residence and  
has rented a part of George Bagnall's  
store for his business. We wel-  
come the gentleman and his family to  
our city and bespeak for him a liberal  
share of patronage.

Sunday the charred remains of  
James T. Jameson were found in the  
ruins of his cabin, which had been de-  
stroyed by fire. Foul play is suspi-  
cious. Jameson's cabin was located in  
an isolated section of Clarke's valley  
and the heavy snow prevented any in-  
tercourse with his few neighbors until  
this last big thaw set in. It is believed  
that the crime or accident happened  
about three weeks ago.

The Ladies' Aid Society of the M.  
E. church will give a social at Babbitt's  
Opera House Thursday evening, April  
29. An interesting program has been  
arranged, consisting of musical num-  
bers, recitations, and the principal  
feature will be "How I Earned My  
Dollar." Admission free. After the  
program the ladies will serve a lunch,  
consisting of ice cream, cake, coffee,  
sandwiches, etc., for 25 cents.

Special Easter Day services at the  
Presbyterian church Sunday, both  
morning and evening. Subject for the  
morning sermon will be, "The  
Christian's Reward." The evening  
program will consist of a song service,  
accompanied with readings from "Pil-  
grim's Progress." For further partic-  
ulars see printed programs. All ar-  
cordially invited to all these meetings.  
H. H. CONSER, Pastor.

The A. & P. Surgical Association  
held its regular quarterly meeting at  
Kingman April 7. A resolution was  
adopted commending the promotion of  
Dr. Kuster to chief surgeon of the  
Santa Fe and that the association  
change its name to the Kuster Sur-  
gical Association of the A. & P. Dr.  
D. J. Brannen was admitted to mem-  
bership, he having been appointed  
local physician for the railroad here.  
The Association will hold their next  
quarterly meeting in Flagstaff, on the  
first Wednesday in June.

The Easter service at the Church of  
the Nativity will be as follows: Com-  
munion mass at 8 o'clock a. m.; High  
mass and benediction at 11 o'clock a.  
m. During the solemn services at 11  
o'clock, Peter's mass will be executed  
by the choir under the able direction  
of Mrs. John H. Lind, assisted by Mr.  
Charles Edwards. At the offertory,  
the Choral Union will sing the "Regina  
Coeli," and at the Elevation Mr. Ed-  
wards will render the beautiful violin  
solo, "Arioso," by Carl Bohm. Ev-  
erybody is cordially invited.

City Clerk C. A. Bush has received  
a letter from Receiver C. W. Smith of  
the Atlantic & Pacific urging speed in  
the construction of the water works.  
The railroad company is desirous of  
putting in a crenosote plant for pickling  
ties here, at once. No time will be  
wasted by the City Council in pushing  
the negotiations for the sale of the  
bonds. The Council, as may be seen  
from the official proceedings published  
in another column, have already en-  
tered into correspondence with an  
Eastern firm for furnishing the pipe.

Four prisoners escaped from the  
county jail Saturday night—Jim Lewis  
and Maud Harvey, in for an attempt-  
ed jail delivery, and a couple of va-  
grants, who had been locked up as wit-  
nesses against Lewis and the Harvey  
woman. These prisoners had been al-  
lowed the freedom of the jail and were  
not confined in cells. They made  
their escape by cutting a hole in the  
tin roof. The Sheriff's office early  
Sunday morning began a search for  
the prisoners and apprehended three  
of them Tuesday, Lewis and the two  
bobo having been found near Bellemont  
by Special Deputy Frank Simpson.  
They are locked securely in the cells  
of the jail. The Harvey woman had

## Terrible Sores

Could Not Walk for Nearly a Year—  
Trouble Pronounced to be Can-  
cerous Affection and Incurable—  
Completely Cured by Hood's.

"I had terrible sores on one of my feet.  
I was attended by a physician, but I  
availed nothing and he advised an ampu-  
tation. At Little Rock my foot was op-  
erated on and the trouble was pronounced  
to be cancerous affection and incurable.  
I grew worse and expected to lose my  
foot. I began to take Hood's Sarsaparilla  
and in a short time my foot improved.  
I kept on taking Hood's Sarsaparilla and  
now I am sound and well and my foot  
does not trouble me at all. My blood is  
pure and I was never in better health."

donned a suit of boy's clothing, and  
has not yet been apprehended. It  
might not have been a bad idea to  
have let this outfit make their escape  
good. They are quite a heavy expense  
on the county, and in the end will un-  
doubtedly escape punishment for  
whatever petty offense they have com-  
mitted. LATER—The Harvey woman  
was captured at Williams and brought  
in on No. 2 this morning.

Chief Surgeon Cornish on his west-  
ward trip last week was accompanied  
by Mrs. Cornish, who joined him here,  
and the Needles Eye has the following  
account his official visit in that burg:  
"Accompanying Chief Surgeon Cornish  
last Wednesday evening was his  
charming wife, who visited the shops  
and offices with her husband and ap-  
peared delighted with all she saw.  
The chief's good wife is quite as  
popular with the employees as is the  
chief himself and in the name of our  
good people the Eye cordially invites  
her to come and visit our little desert  
hamlet as frequently as is convenient,  
and pleasant to her." Dr. and Mrs.  
Cornish returned to Flagstaff Friday  
morning and Saturday morning the  
doctor left for Albuquerque.

## Owney's Tramps Are Over.

The tramp dog Owney, who has  
traveled hundreds of thousands of  
miles on mail cars and steamships,  
has been barred from further indul-  
gence in such pilgrimages. Superin-  
tendent Tray of the railway mail ser-  
vice says the dog has become a  
nuisance, and hence an order debar-  
ring him from privileges on mail cars  
has been issued.—Chicago Record.

thus gives tone and strength to the

Mrs. A. Inveen, residing at 720 St.  
Alton, Ill., suffered with sciatic  
rheumatism for over eight months.  
She doctored for it nearly the whole  
of this time, using various remedies  
recommended by friends, and was  
treated by the physicians, but re-  
ceived no relief. She then used one  
and a half bottles of Chamberlain's  
Pain Balm, which effected a complete  
cure. This is published at her request

The bull then smashed the pen and  
charged into the grounds surrounding  
the amphitheatre, which was filled with  
people, and seriously injured many
